

# When I'm With You

*By the Advocates in Action RI 2021 Leadership Series Class and Friends*

## **VERSE 1**

I like walking in the woods, I like watching my TV  
Climbing mountains makes me high, reading books is good to me  
Playing sports and running 'round, writing songs and poetry  
Doing just about anything, all these things mean a lot to me

## **CHORUS**

Letting your imagination  
Taking you to far off places  
Travelling to outer space  
I can't think of a better place  
These are things I like to do  
When I'm with you

## **VERSE 2**

Going up in a rocket, I don't care if we go nowhere  
Put a picture in a locket, an image we can share  
Between us bonds are stronger, friendships can last longer  
When Lisa laughs, the room lights up, being yourself is good enough

## **CHORUS**

Letting your imagination  
Taking you to far off places  
Travelling to outer space  
I can't think of a better place  
These are things I like to do  
When I'm with you

## **VERSE 3**

Just like you are like you and like I am like me  
Holding you close to my heart when we're ourselves then we're free  
Sharing laughs and jokes with friends, being free like a bird  
Floating like a butterfly, feeling happy is the word

## **CHORUS**

Special Delivery  
Come and write to me  
You know it makes me smile  
Even if it takes a while  
These are things I like to do  
When I'm with you
